

STEPHENS REGIONAL SPECIAL UTILITY DISTRICT

PO BOX 1621 BRECKENRIDGE, TX 76424 PHONE: 254-559-6180 FAX: 254-559-3820

June 25, 2025

Dear Stephens Regional SUD Customer:

As specified in the Stephens Regional Special Utility District's (District) Drought Contingency Plan (Plan), Stage 1 - Mild Water Shortage Conditions is if Brazos River Authority (BRA) implements Stage 1 - Drought Water Condition of their Drought Contingency Plan. Since the District purchases water from BRA, we followed the same water restriction guidelines.

On June 25, 2025, the District was made aware that BRA terminated their Stage 1 – Drought Watch Declaration due to rainfall and combined storage capacity, including Possum Kingdom Lake in 2024

As a result, Stephens Regional Special Utility District is also terminating our Stage 1 – Mild Water Shortage Stage.

Should you have any questions regarding this notice, please contact the office at 254.559.6180.

Sincerely,

Leshia Brewster
SRSUD, General Manager
